## Warranty Information

Thank you for purchasing a LitePower Lithium battery. Your brand new battery and charger are protected by a comprehensive 2 year warranty from the date of purchase.

Please complete the warranty information overleaf and return to our warranty registration team. You may also want to make a note of your serial number and purchase date in the space provided below for future reference.

### Serial Number

### Warranty Conditions

The LitePower battery and charger are both covered by a 24 month warranty from the date of purchase. The warranty covers manufacturing defects that occur during normal use. Any breakage caused by accidental damage or as a result of abuse or misuse or commercial use is not covered.

It is important to note that the Battery Management System (BMS) in your LitePower battery is designed to protect your battery from over discharge - a condition proven to seriously shorten the life of your battery. If the battery is left discharged for more than two weeks, the BMS may prevent charging to protect the battery. If this occurs, please contact LitePower for advice. If a reset is required, the remaining warranty period will be voided.

The standard LitePower warranty only covers purchases made in the UK and Republic of Ireland and use of the battery and charger within this region. If you encounter a problem with your battery or charger within the warranty period, please contact the place of purchase or call us direct on 01795 473315 to allow us to rectify the problem as soon as possible. In the unlikely event you need to make a claim you must provide your proof of purchase so please ensure this is retained.

A repair will normally be carried out but in the unlikely event that the battery or charger cannot be fixed, a replacement will be given. Any repairs or replacements made without charge do not carry a new warranty beyond that of the original purchase. The warranties contained herein are offered as an extra benefit and do not affect your statutory rights as a consumer.

## Battery Warranty Registration

Please complete this section of the warranty card and return it to the address overleaf.
